

QAI Global Institute Elearning Course Map

S.No.	Course Name	Software Project Management	Project Management	Software Engineering	Software Quality Management	Software Configuration Management	Software Testing	Software Estimation	Software Process Improvement	IT Service Management	BPO	CMMI	Software Metrics	PCMM
1	SE101: An Introduction to Software Engineering			✓					✓					
2	SE102: Software Process Models			✓					✓					
3	SE103: Common Process Framework			✓					✓					
4	SE104: Software Process Improvement			✓					✓					
5	SE105: Advanced Software Process Models			✓					✓					
6	PM100: Fundamentals of Reviews			✓	✓									
7	SE201: Basic Concepts of Software Project Management	✓												
8	SE202: Software Project Measurement and Metrics	✓											✓	
9	SE203: Basic Concepts and Techniques of Estimation	✓						✓						
10	SE204: Measuring the Size of Software Products	✓												
11	SE205: Outsourcing Project Work	✓												
12	SE206: Risk Management	✓												
13	PM100: An Introduction to Project Management	✓	✓											
14	RM100: An Introduction to Risk Management	✓	✓											
15	SE301: Basic Concepts of Software Quality				✓									
16	SE302: Software Quality Assurance				✓									
17	SE303: Formal Technical Reviews	✓			✓									
18	SE401: An Overview to Software Configuration Management					✓								
19	SE402: The Tasks in the SCM Process					✓								
20	SE501: An Introduction to Software Testing			✓										
21	SE502: Test Case Design Techniques						✓							
22	SE503: Software Testing Strategies						✓							
23	SP100: Quantitative Software Process Management													
24	ES101: Software Size Estimation Using FPA							✓	✓				✓	
25	ES102: Software Effort and Schedule Estimation							✓						
26	ES103: Effort and Schedule Estimation Using COCOMO							✓						
27	ET100: An Introduction to FPA							✓						
28	ET200: An Introduction to COCOMO II							✓						
29	ET300: An Introduction to COSMIC-FFP							✓						
30	BM100: An Introduction to BPO Metrics Series										✓			
31	CM100: An Overview to CMMI™ Series								✓			✓		
32	SM100: An Overview to ITIL® Series									✓				
33	SM200: Service Desk and Incident Management									✓
